# Preface

## About This Guide

This document provides information about the services and functions available with the Mobile Android App (referred to simply as "the app" in the remainder of this document) and how to access them.

## Audience

This guide is intended for people who want to use their Android phone to maintain their monthly expenses

## Overview of the App

The Mobile Android App allows you to easily keep track of the monthly expenses. The app is designed to be easy to use, so it contains only the essential functionality available in the android

This app adheres to the Android human interface guidelines for a productivity app, so you should feel comfortable using it rightaway.

## Signing In

To launch the app, tap the application icon on the home screen of your Android device.

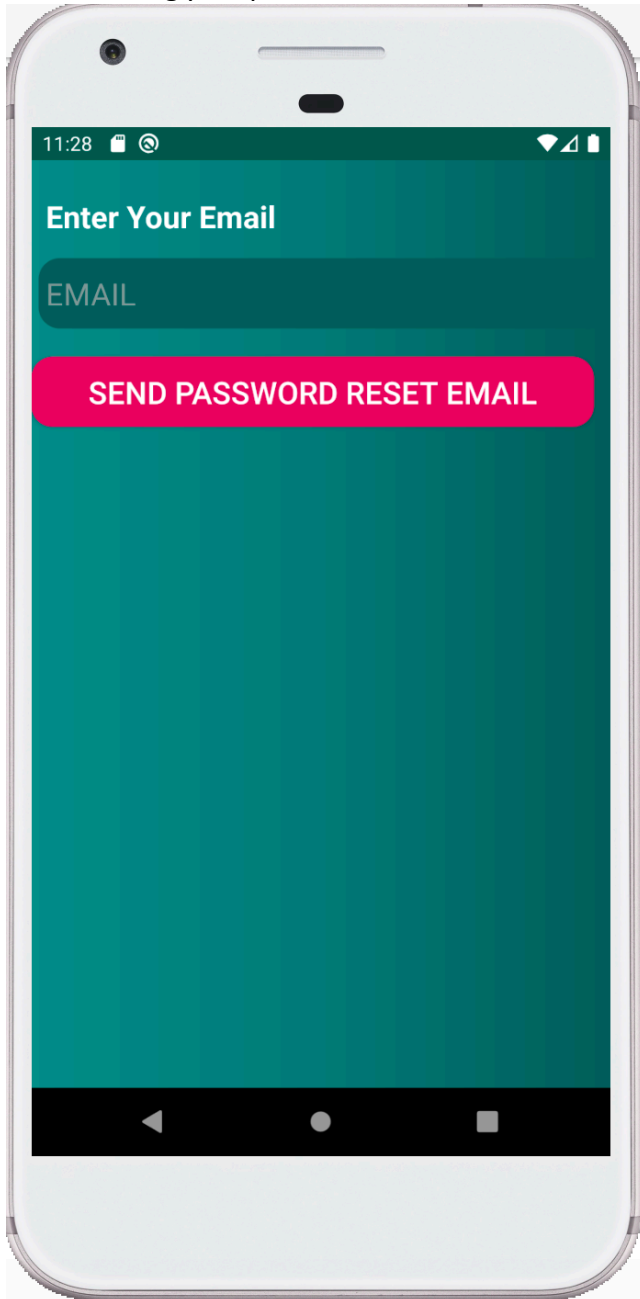

**Note:** This app requires your Android device to be connected to the Internet. If you have never set up the Wi-Fi connection for your device, refer to the documentation for your Android device.

The Sign In screen appears.

## Forgotten Username or Password

If you forget your username or password, on the Sign In screen, tap on the Forgot your username or password link. The Sign In Help screen opens and displays the Reset Password and Retrieve Username options. From this page you can begin the process of retrieving your username or resetting your password.

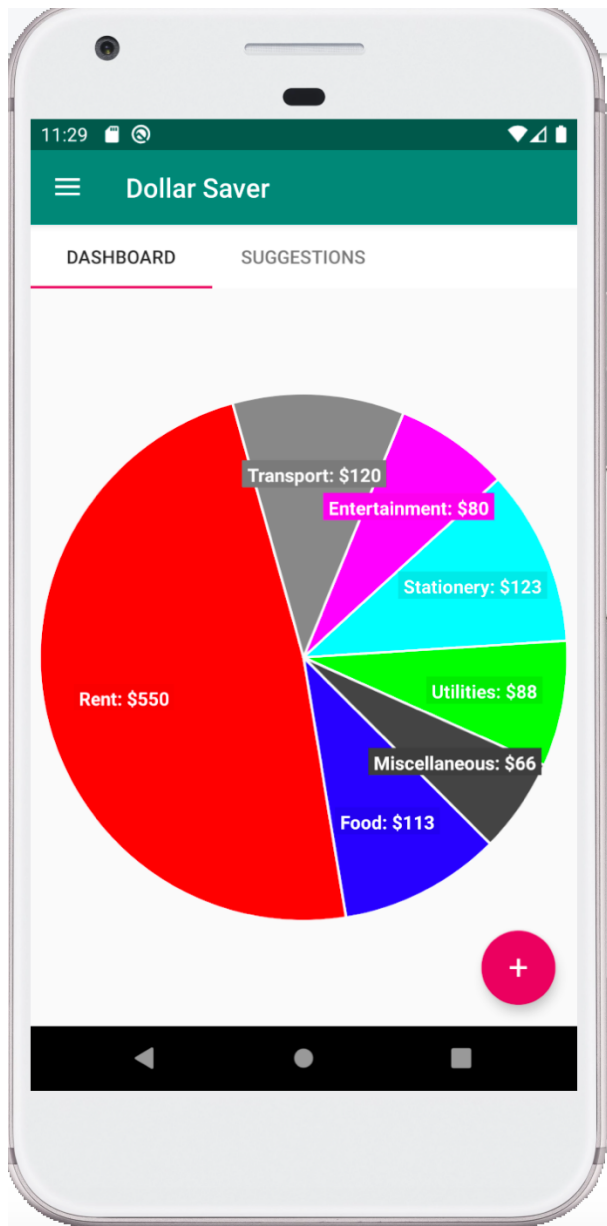

### *Resetting Your Password*

From the Sign page click on Forgot Password, you can reset your password.

To reset your password:

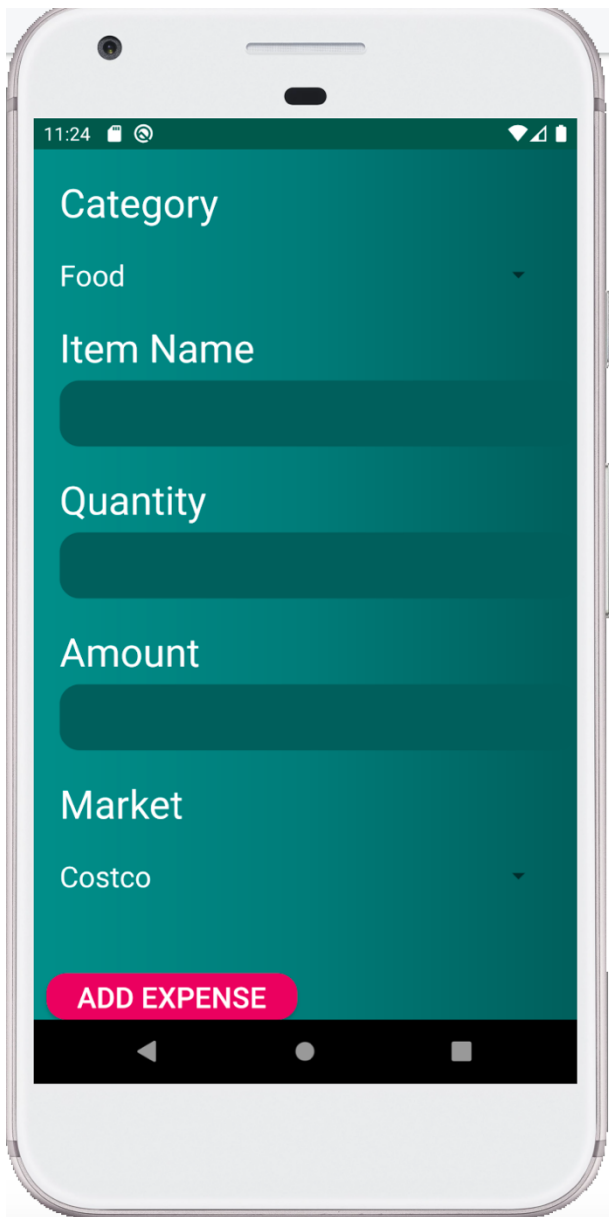

- 1 On the Sign In Help screen, enter your username and tap **Reset Password**.

A screen appears and a message displays to tell you that you will receive an email with link to reset your password.

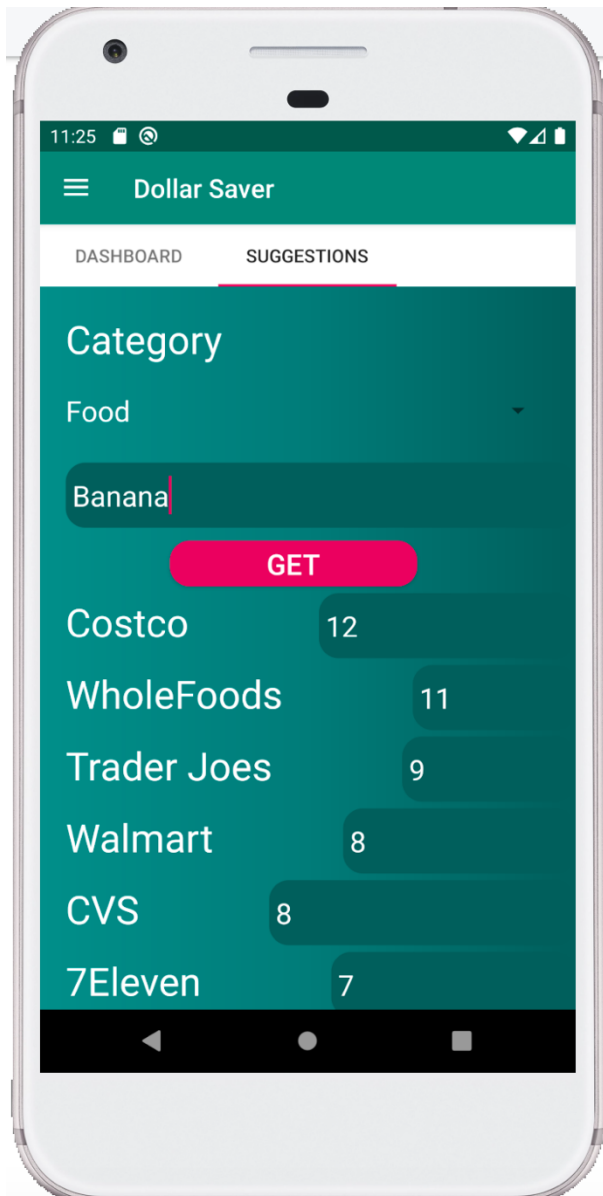

**Dashbord Page:** A pie chart that displays expenses over the month on different categories.

**Add Expense Page:** Select the Category from the dropdown list and fill the fields and add Market place too for the particular time.

**Suggestions Page:** In case to find the best item price from recent purchase activity click on suggestion swiipe able tab and enter the Food category. The item price from the particular market will be shown.
